Mr. Harold Weisberg

Frederick, Maryland 21701

Dear Harold:

I appreciate very much the Jack Anderson column on Nugan Hand. We have quite a collection of material on the subject, both in the Paisley file and in a separate file. One of these days the information will come in handy.

The only thing new here is the representation of Christian David in his attempt not to be extradited from Leavenworth to France. He may be a source of valuable information on the JFK case. As you know, he is credited with the assassination of between 50-90 people, mostly in the early 1960s.

In the very near future Jim will be opening a law office in the same suite as the Assassinations Archives. I shall have an office there, but will keep an office in Rosslyn. I plan on spending more and more of my time on the Archives project.

Hoping that your health is tolerably good, I am

Sincerely yours,

Bud
